INSTRUCTIONS

Downtown Lexington is now your dance floor. Grace us with your cosmic moves and compete for the coveted crowns of the Prom King and Queen. Prizes for best-dressed male and female, and for first-place male and female.

Ride stag or bring a date. No prior prom experience required, just share your fun-loving attitude and promenade your style in the city.

Ride to all check points listed on the map and stamp this dance card in the chainring at each location. You will be asked to perform prom activities at each check point, such as to glitter up your look, properly toast from a magic punch bowl, select just the right tune, take a whirl on the dance floor, and get your prom picture taken.

All proceeds from this event benefit the Living Arts and Science Center, which provides fantastic arts learning programs for local children and adults.
